Sir:

Enclosed is a Certificate of Correction submitted under the provisions of 35 U.S.C. §254, to correct errors of the Patent and Trademark Office in the printing of the above-identified U.S. Patent.

In addition to the errors of the Patent and Trademark Office, a review of the patent has revealed the presence of errors attributable to the original application, which however are of a minor and self-evident character, as listed below:

Column 4, Line 13: “c-terminus” should be --C-terminus--

Column 6, Line 58: "virus" should be --viruses--

Column 19, Line 67: "liposme" should be --liposome--

Column 28, Line 51: "tranfectants" should be --transfectants--

Column 36, Table 2: all instances of "IgG" should be --IgG--

While these errors are not of a serious enough nature to warrant a Certificate of Correction, the patentees nevertheless wish to bring same to the attention of the Patent and Trademark Office, so that same are made of record in the file of this patent.

Respectfully submitted,
